The ABCs of Black Stories in Canada

Written by: Dorothy W. Williams · Illustrated by: Joseph Osei Bonsu

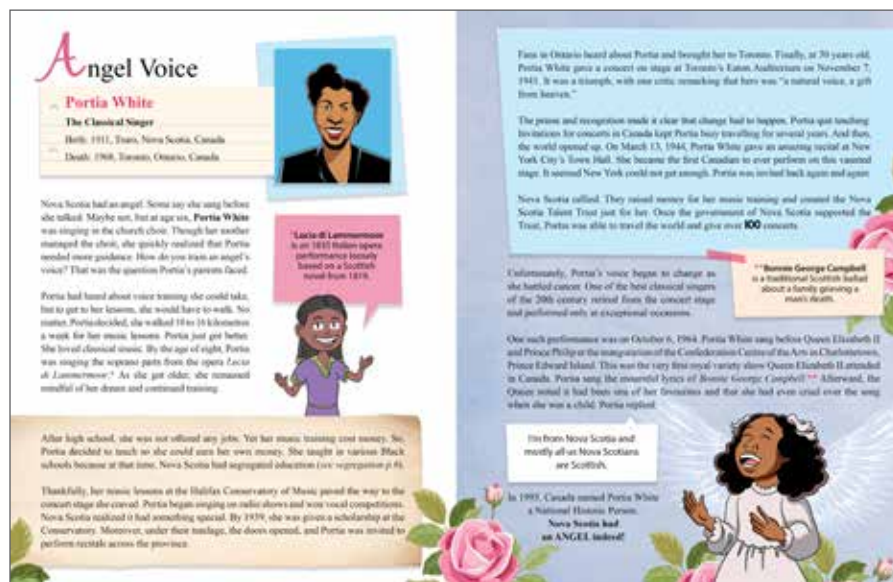

Discover 52 Black historical figures who significantly influenced Canada. Organised alphabetically by keywords related to each person's story, these books highlight the challenges, celebrations, cultures, journeys, achievements, and lives of figures such as Willie O'Ree, Harriet Tubman, Rose Fortune, and Fred Christie.

Dorothy W. Williams, PhD, is a specialist in Black Canadian history and has published numerous books and articles. Her research has led to the creation of highly regarded reference works. She also founded Blacbiblio.com Inc. and created the bilingual kit *The ABCs of Black History in Canada*.

The topics addressed in this series are:

- Liberty of:
 - expression
 - association
 - religion
- Discrimination based on:
 - age
 - race
 - physical or mental deficiencies
 - sexual orientation
 - gender
- Rights:
 - to protection against unlawful searches and seizures
 - to the security of the person
 - to liberty
 - to instruction in French or English
 - related to Indigenous heritage
- Respecting the rights of others

The series seeks to empower children by providing a basic awareness of their rights and by fostering a respect for the fundamental values that Canadians cherish.

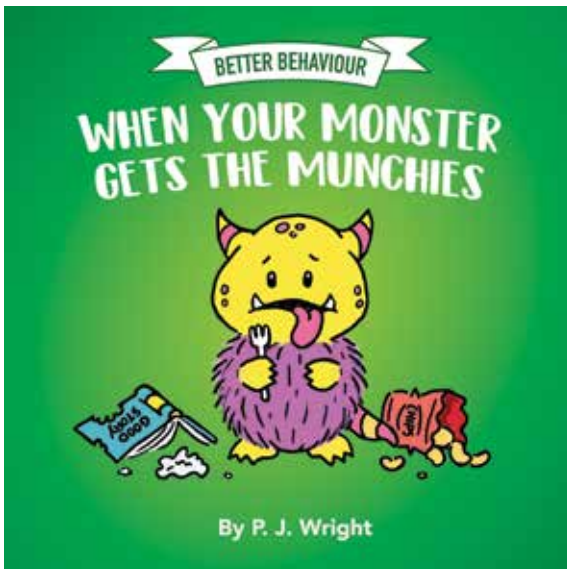

The Edmonton Catholic School Division and the Calgary Catholic School District use this series in all their schools as a key educational resource for kids in grades 4 to 6.

Science Quest is a collaborative publishing project between DC Canada Education Publishing and Singapore World Scientific Education. We share a belief in the wonders of STEM education and knowledge, and its power to grow young minds.

Our mission is to spark a thirst for scientific knowledge and discovery in young readers, encouraging them to pursue dreams, education, and careers in fields they may not have considered previously.

The *Science Quest* series uses engaging stories in comic form to present scientific concepts in a variety of scenarios to showcase real-life relevance. The series includes feature articles with amazing facts and photographs to enrich the reader's experience.

In creating this series, we collaborated with scientists, academics, field experts, and writers to make STEM accessible and engaging for children with diverse interests.

One Story a Day for Science

Written by: Kara Cybanski, Violet Hughes, Margaret Hoogeveen & Leonard Judge · Illustrated by: Various

One Story a Day for Science is a series of twelve books designed to develop scientific reflection, reading and comprehension, and a curiosity about the world in children aged 8 to 12. These books comprise high-interest topics and motivational content relevant to 21st-century scientific knowledge. The stories engage with topics in physics, biology, chemistry, and earth science. This series is bound to encourage a keen interest in science and environmental awareness while developing a love of reading.

- 300-450 words per story

+ 1-year online access)**

ISBN (set): 978-1-77205-559-7

Excerpt from *Short Vowels Workbook*

Excerpt from *Long Vowels Workbook*

Learning through phonics helps children recognize and decode the sounds of the letters in the words they read. In fact, phonics reading is essential to improve spelling, comprehension, and reading fluency—not only speed but also accuracy.

ONLINE PROGRAM

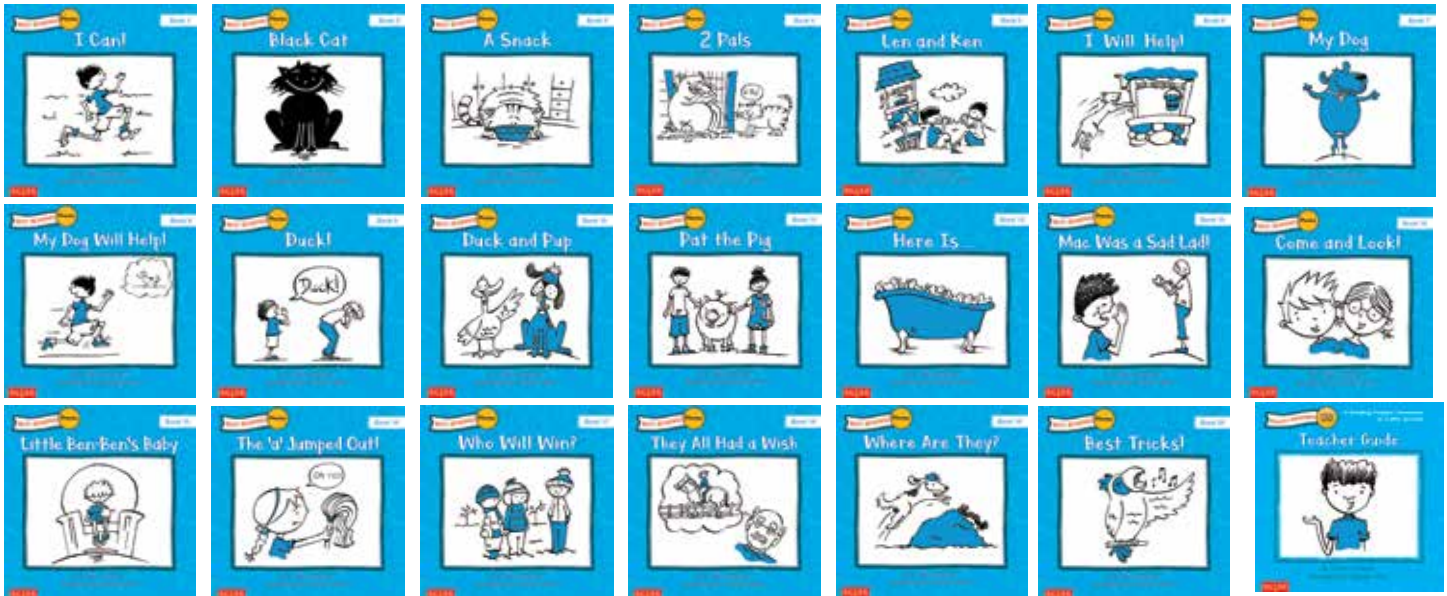

Short Vowels and Long Vowels programs are available online at: **www.bestreading.ca**. You will find:

- narrated stories with highlighted text
- interactive activities with audio for pictures and words
- hands-on printouts for all online activities
- text-only paper books to be printed for home use
- teacher resources for strategies in reading, writing, and oral language development

Start with a few simple sounds and sight words and, in no time at all, beginning readers will be making their way through a whole book! Then, by building this foundation bit by bit, kids will find themselves reading more and more without depending on rote memorization. First, they will master short vowel sounds and then long vowels, building skills they can practice again and again with the activities and online program at www.bestreading.ca.

LOGICO® The Learning Game

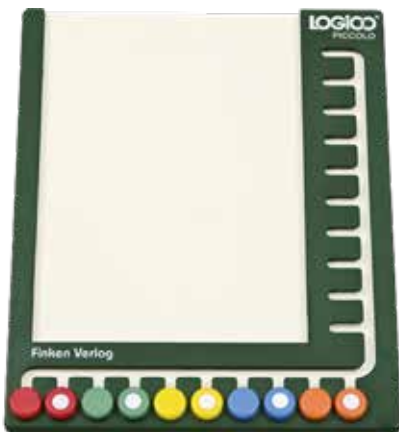

LOGICO PRIMO

- Concentration and perception
- Logical thinking
- Colours and shapes
- Numeracy
- Reading readiness
- Sequencing
- Sorting and classification
- Language development

Ages: 3 to 6

Game Board Price: \$29.95

About the size of a tablet, LOGICO is the ideal tool for use at school, at home, outdoors, or while travelling—whether practicing alone or in small groups. This game helps develop concentration and perception, colour and shape recognition, logical thinking, numeracy, literacy, analysis, and problem-solving skills through themes that engage young children.

LOGICO PICCOLO

- School readiness
- Thinking skills
- Mathematics
- Reading
- Language arts
- Natural sciences

Ages: 5 to 8

Game Board Price: \$29.95

LOGICO's playful approach has won several awards, including the Award of Excellence in Technological Innovation (2019) at the Shanghai International Fair.

The game boards serve as a base for all LOGICO PRIMO and LOGICO PICCOLO cards.

1. Place the card in the slot to see the questions.

2. Answer the questions by moving the buttons to indicate the correct answers on the right side of the game board.

3. Flip the card over and put it back in the slot to check your answers. Your answers are correct if the colours match those on the buttons.

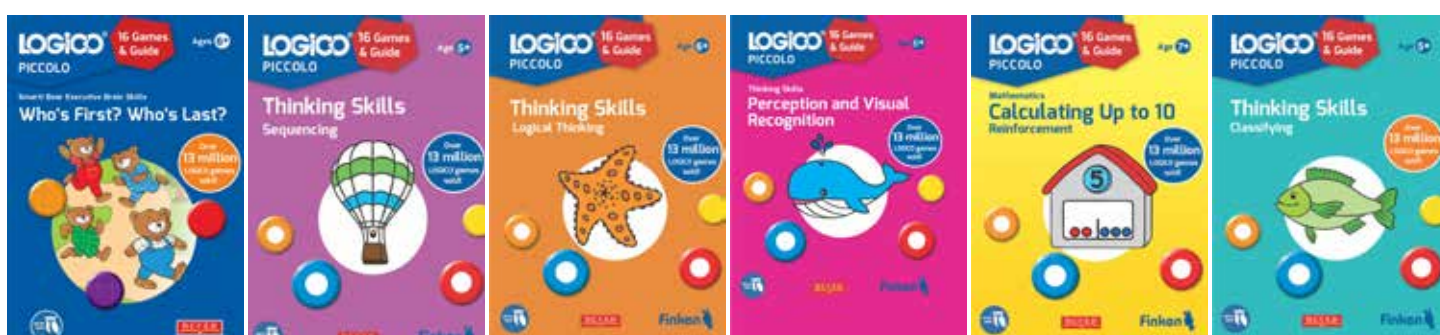

LOGICO Card Packs

Each pack comprises: 16 activities on sturdy laminated cards (7" x 9") with bright illustrations, with the corrected exercises on the reverse side. **Price: \$19.95 / card pack**

PRIMO Packs • Ages 3 to 6

PICCOLO Packs • Ages 5 to 8

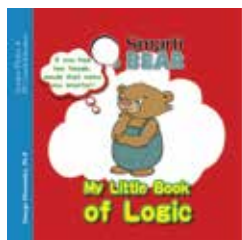

Note that not all card packs for LOGICO Primo and Piccolo are available in French. Check our website for the latest card packs.

My Little Book

Ages: 5 to 8

Price: \$19.95 / box

Playwise encourages children ages 7+ to think, reason, seek evidence to support their answers, and explore the alternatives and consequences of their words and actions.

Contains: A game board, instructions, 200 cards in 5 categories, 8 tokens in 4 colours, 52 picture cards, 52 laurel wreaths, 12 clue cards, 2 dice

Price: \$34.95

Smarti Bear Logic Game kits are also available with storybooks and activity books. Check our website for details.

Mystery Box for Innovative Learning

Screen-free, hands-on learning that blends brain games, storybooks, and music to spark curiosity in every child and promote children's brain development through logic-based problem-solving and construction.

Why children will love these Mystery Boxes

Every box encourages curiosity, beginning with an air of mystery and ending with a fun, educational experience!

- Hands-on: fidget game pieces and colourful game cards that invite playful exploration
- Critical thinking: logic puzzles, problem-solving challenges, and strategy games
- Emotional growth: stories and poems that nurture imagination and emotional connection
- Auditory learning: music via CD and/or QR code to enrich the learning experience
- Reading: engaging stories for every day of the week
- Questions and reflection: stimulating prompts that build communication and thinking skills

Each box is colour-coded for those who wish to collect them all!
